#### **➤ INTRODUCTION**

To ensure safety of women in universities and colleges, the University Grants Commission has set up a task force to review security arrangements at higher educational institutions across the country. The task force will identify shortcomings in the existing system, analyze and assess them, and suggest measures to put in place 'strong safeguards' for safety of both female students and employees.

In the wake of increasing crime against women and pursuant to the Directives of the Honorable Supreme Court of India, the Management and Administration of the Rns Institute Of Pharmacy, Sitholi, Gwalior (M.P.) have decided to constitute a Women's Grievance Cell to uphold the dignity of women at work.

In the Indian Constitution, Right to Equality is a Fundamental Right that includes the right to equality before law, prohibition of discrimination and equality of opportunities in matters of public employment. The Supreme Court of India in its August 13, 1997 judgment in Vishakha & others vs. State of Rajasthan & others makes it obligatory for every employer and other responsible persons to follow the guidelines laid down by the Court and to

evolve a specific policy to combat sexual harassment in the workplace. Educational institutions are bound by the same directive. In compliance with the mandate of the Supreme Court judgment, Rns Institute Of Pharmacy, Sitholi, Gwalior (M.P.) has adopted this policy to prevent, prohibit and punish sexual harassment of women at the workplace. University is committed to provide for all female employees who fall within its jurisdiction including its academic, non-academic staff and students, a place of work and study free from sexual harassment, intimidation and exploitation. Every woman shall have a Right to be free from Sexual Harassment and the Right to Work in an environment free from any form of Sexual harassment.

### ➤ **OBJECTIVES OF THE CELL**

The Cell seeks to inform the campus community of their right to a respectful work and learning environment. It believes that if we practice respect, exercise empathy in our interactions with others so that we do not hurt anyone through what we say or do then we can create a campus that is free of sexual harassment. Simple respect for all on the campus community is thus the focus.
